

Third Grade Summer Reading List 2010-2011

Third graders will be tested on **three** of the following list of books when they return to school. Throughout the school year students will be participating in the Scholastic Reading Counts program that will be used to test these books. It is a computer program that contains thousands of titles for the students to read and be tested on. We have copies of these specific titles in the classroom for the students to read. There will be monthly requirements of reading books of their choice and for this Reading Counts program. The love of reading is very important to us and we hope to instill this love of reading in the children.
